COMPANY OVERVIEW

Established in 1981, RHO specializes in Information Technology services to the Government and Fortune 500 Clients. RHO delivers information technology systems, processes and solutions for information management technologies, systems management and application technologies. RHO understands business challenges. We leverage our technical expertise and deliver exceptional Information Technology Consulting, Staffing and Project Management services for our clients' time sensitive and mission critical applications on a national level. We achieved primary vendor status with government and large corporations for 18+ years, a proven track record for success. RHO has a history of repeat clients – government, publicly traded and private. Our core team has been working together for over 20+ years.
